Dear Messrs. Markovitz and Hankin:

The United States Environmental Protection Agency ("EPA") hereby informs you, by the attached Administrative Compliance Order ("ACO"), that you are in violation of applicable federally enforceable air pollution control requirements. The ACO requires you to undertake affirmative activities and obligations to return into regulatory compliance within established compliance deadlines.

EPA has also sent a copy of this ACO to Randy Koppenhaver, at the Pennsylvania Department of Environmental Protection.

Should you have any questions or concerns, please feel free to contact Ms. Christine Convery in the Pesticides and Asbestos Programs Branch at (215) 814-2249. Thank you.

Sincerely,

Abraham S. Ferdas
